## Summer Lunch Program a Success

Kenton City Schools' summer lunch program started Monday, June 7, and served meals Monday through Thursday until July 29. 3,239 meals, an average of 215 children daily, were served during the month of June at sites throughout Kenton.

Every three years, the Ohio Department of Education conducts a Summer Lunch Review to make sure lunch sites are in compliance with all state regulations. Kenton's

program exceeded all USDA guidelines, and no corrective actions were needed. The Children's Hunger Alliance, being so pleased with Kenton's summer lunch program, brought State Representative Cliff Hite to Kenton to visit the Forest Court Apartments lunch site during lunch on July 27, 2010.

Kenton City Schools has received grants in the past from Children's Hunger Alliance to help offset costs relating to the summer lunch program, and the Alliance has been very satisfied with the operation of the program and how the program has grown. Beginning with four sites four years ago, where served 2,470 meals were served, the program has grown to nine sites, serving nearly 6,500 meals this summer.

## KCS Ready for a Great Year

As summer quickly draws to a close for Kenton students, the Kenton City Schools' teachers and staff have been hard at work preparing for an outstanding school year. Summer cleaning crews have been busy preparing facilities and moving a number of classrooms.

During the week of June 14-19, many teachers worked with the district's literacy consultant, **Eve Hayes**, to plan and develop the balanced literacy framework implemented in elementary classrooms. Eve returned during the week of August 2-6 to meet with each elementary grade level individually.

"Our staff has worked extra hard this summer to prepare for the school year. We are expecting continued excellence across the district," said **Doug Roberts**, Kenton City Schools' superintendent.

Kenton City Schools will open the 2010-2011 year with a district-wide staff meeting on Thursday, August 19, 2010. Classes will begin for students on Monday, August 23, 2010, with a full-day schedule for students in grades K through 12. Detailed school information including school times, lunch prices, and busing information can be found throughout the newsletter.

The teachers and staff are looking forward to a great year filled with academic success!

# KCS Nurse's News

School will soon be starting, and parents and students will be gearing up for the big day!

Kenton City Schools requires that all incoming kindergarten and preschool students be fully immunized by the start of school with up-to-date vaccinations required by the Ohio Department of Health. For kindergarten students, these vaccines include 5 DtAP, 4 Polio, 3 Hepatitis B, 2 MMR, and 2 Varicella (chickenpox). Proof of vaccines your child has received since kindergarten screening must be brought to the Westview Kindergarten Center office. All kindergarten students who attended kindergarten screening earlier this spring were informed as to which vaccines were needed, if any, before the start of school. Preschool-aged children must be up to date on vaccinations for their particular age. You can check with your child's physician or the Kenton Hardin Health Department for these details. The health department's number is 419-673-6230.

There is a new Ohio Department of Health immunization required for incoming 7th grade students before the start of school. This vaccine is Diphtheria-Pertussis-Tetanus booster (DtAP). The reason for this requirement is the increased rate of children of this age group contracting whooping cough or pertussis. Your child can receive this vaccine at the Kenton Hardin Health Department on Thursdays from 8:30 a.m. until 12:00 p.m. and again from 1:00 p.m. until 4:00 p.m. The cost is \$10.00 unless your child is on Medicaid or you have any inability to pay. If your child is on Medicaid, please take his Medicaid card with you at the time the vaccine is to be given. Proof of the vaccine must be brought to the Kenton Middle School office before the start of school on August 23.

If you have a religious, philosophical, or medical reason for your child not to receive any of the vaccines, you must complete a letter of declination form before school starts. This form is located at the Kenton City Schools' board office, Westview Kindergarten Center office, and the Kenton Middle School office. If you have any questions about these vaccines, please call the health department or your child's physician.

Once school starts, please keep your telephone numbers up to date since that is the only mechanism the school has to contact you if your child is ill or hurt at school. If your child is ill, has a temperature of 100 degrees or higher, please keep the child at home until he or she is well. Sending an ill child to school is very difficult for the ill child since schools are not equipped to care for your child.

I hope each child has a wonderful year of fun, learning, meeting new friends, seeing old friends, and gaining greater self-esteem through learning.

## KCS Lice Policy Explained

With the recent news about public schools' views on allowing children to attend school with head lice, I think I need to clarify Kenton City Schools' board policy regarding lice.

Children are to be lice and nit free before they can attend school. It is important to read over-the-counter treatment instructions or the prescription inserts since there are risks involved in over-treating. If you find head lice or nits on your child's hair, please inform the school where your child(ren) attend so that I may check others.

Your child must be checked by either the Kenton City Schools' nurse, your child's physician, or by a nurse at the Kenton Hardin Health Department before the child can return to school.

If you need assistance with obtaining treatments, please call me at 419-673-0775, option 6."

The Board designates as student "directory information" a student's name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, height and weight, if a member of an athletic team, dates of attendance, date of graduation, and awards received.

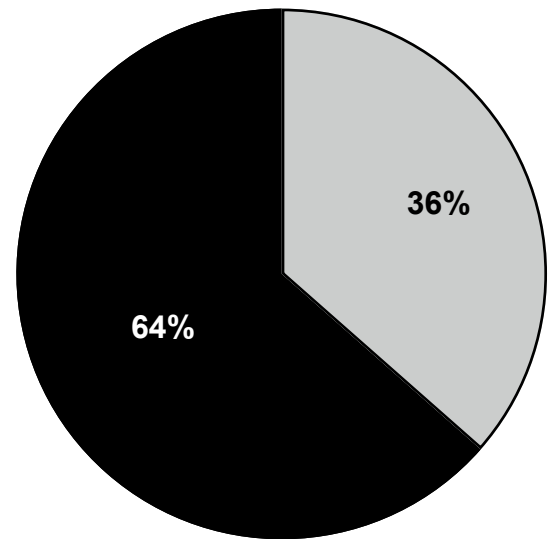

Parents and adult students may refuse to allow the District to disclose any or all of such "directory information" upon written notification to the District within ten (10) days after receipt of the District's public notice.

## KHS Students Design Yearbook in Class

Designed entirely by students, the 2010 yearbook is in full color with 144 themed pages. The 2010 theme, Learn Lead Live, was developed by students to exhibit the many and varied ways the school impacts students' lives and the ways that the students then impact the world and each other. The book highlights the students and staff as well as sports, organizations, and activities that occurred throughout the 2009-2010 school year. Featured in the book are pages dedicated to Ohio Hi-Point students, fall and winter spirit weeks, foreign exchange students, and graduation.

The yearbook class is a unique course. Students interested in taking the course complete an application and receive a recommendation from a staff member before being enrolled. Starting from day one, students learn the basics of yearbook design, photography, and journalistic caption writing. Each student is then expected to create layouts, take photos, and caption pages in ways that fit with the chosen theme and showcase the given subject.

Students are also involved with the budgeting and other financial aspects of creating a product. Students secure the business and parent advertising, help to create sales flyers for the book, and are a part of other fundraising events done throughout the year to support the cost of production.

On Friday, September 3, the 2010 Kenton High School yearbook will be distributed to students during lunch periods. 2010 graduates can come in anytime after this to receive their copies.

For anyone who did not have a chance to purchase a 2010 yearbook, there is a very limited number of yearbooks left, and they will be sold for the cost of \$50 starting on September 3.
